4. Press the AL1 button again, save and exit alarm setting mode.

Setting for AL2 is the same as AL1.

Switching Alarm on/off

- In time mode, press the AL1 button to switch on/off the alarm, the AL1 indicator will be on/off correspondingly. Switching on/off for AL2 is the same as AL1.

Stopping alarm when it goes off

- When AL1/AL2 is sounding, the related AL1/AL2 indicator flashes. Press any buttons (except Snooze button) to stop and reset the alarm to go off the next day.

Adjusting snooze duration

1. In time mode, press and hold the Snooze button for 2 seconds to enter into snooze duration setting mode and the digits flash. Press the Up or Down button to set the current duration (hold to advance rapidly). Default snooze duration is 9 minutes, you can adjust it from 1-15 minutes.
2. Press the Snooze button again, save and exit snooze duration setting mode.

Activating snooze when alarm goes off

- When AL1/AL2 is sounding, press the snooze button, the alarm will suspend and go off again after the set snooze duration.

Alarm test mode

- Press and hold the Up button for 3 seconds to enter alarm test mode, then you can set the right side switcher to select your favorite buzzer volume and vibration intensity. After that, short press the Up button to exit the test mode.

Alarm mode setting

- Adjust the right side switcher to select your desired alarm mode: buzzer, buzzer & vibration, vibration

Adjusting brightness

- Adjust to your favorite brightness level by turning the knob on the right side.
